

Are you Effectively Managing Closing Agents and Enterprise Risk? Webinar

In today’s regulatory environment, the closing process poses substantial risk to lenders. Closing agents must be managed along with other vendors. This 1-hour webinar talks about concerns, risks, and management components when it comes to Closing Agents. Topics of the webinar are:

- The Regulatory Landscape
- Risk Management Framework and Requirements
- Effective Closing Agent Management Process
- Closing Agent Risks
- Closing Agent Management Program Components
- Loan Origination Process and Impacts

Tuesday, September 12, 2017 1:00pm - 2:00 pm
